

Quiz 2, GREK 120

This is a take-home recognition quiz of Unit 7-10 vocabulary. You will receive 100% if you do the following.

Put away your book, notes, etc. On a separate piece of paper, write the English definition (or definitions) of the following 20 words. You do not need to provide anything else. Just the English. Then, correct your work. Look up the words in the dictionary, circle any incorrect definitions you gave (do not erase your original work), and write the correct meaning for words you got wrong. At the top of your quiz, write the number you got correct out of 20. Then, submit your quiz via Canvas using the same method as quiz 1 (e. g. by taking a picture of your work). You will receive 100% no matter how many you get right or wrong.
